CUSTOMER TESTIMONIALS

After the testing phase of GstarCAD Software we decided to buy it based on **great functionality, usability and great prices**. We were comparing the **performance and prices** with other CAD variants.

ADVANT d.o.o., Boštjan Košir,
(Head of Technical Support)

The criterion for choosing a new Software was mainly **favorable price, simplicity, purpose of use, stability and comparability with AutoCAD**. We also received a lot of recommendations from our partners.

REM d.o.o., Tomaž Smolič,
(Mechanical Technologist)

We are very pleased with the one-month use of GstarCAD Mechanical. **Software has a great stability and it's very fast when opening big files**, so we recommend that you try it out and see for yourself how it works.

Ekosystem d.o.o., Bojan Gorjup,
(Mechanical Engineer)

GstarCAD is suitable for all technical fields
