XT-series XT6060

One-touch Scan Button

One Scan button on the front of the scanner provides you a quick and easy way to capture images that can be automatically saved as files or sent to another application for further use. As well, though the ScanWizard DI scanning software, this button also can be customized to perform other operations, such as sending an image to your printer, scanning for OCR, or sending for E-mail attachment.

Fast Scanning Speed

The XT6060 increases your productivity with fast scanning speed in 3 seconds or less at 200 dpi for a color or grayscale scan of A3 size (12" x 17") document.

Large A3 Scan Bed

The 12" x 17" (tabloid-size) scan bed of the XT6060 lets you easily scan oversized originals, contact sheets, large pieces of art, and mechanical blueprints, etc.

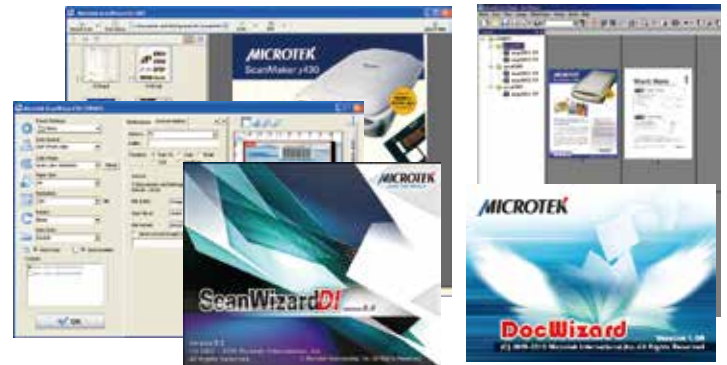

Valuable Software Pack

ScanWizard DI is document scanning software exclusively designed by Microtek. Its brand-new UI and improved scanning, previewing, file naming and image processing functions, such as Auto-crop, Auto-deskew, Text Orientation, Remove Blank Page, Remove Punch Holes, Merge Images and Barcode Separator, let users start in hands immediately. Microtek's DocWizard, one scanning management software, is specifically designed for document scanners, with scanning, image processing, and file or book managing functions in straightforward operations to meet all professional digitizing needs.

Smart Automatic Scanning

The XT6060 is equipped with Microtek's patented Auto-scan technology which allows you to capture the images automatically when the scanner senses the targets on the scan bed, enhancing the efficiency of continuous scanning process.

Specifications

Scanner Type

Flatbed color scanner

Image Sensor

CCD
